Fanconi anemia pathway – Mus							
musculus (house mouse) Circadian rhythm – Mus							
musculus (house mouse) Mismatch repair – Mus							
musculus (house mouse) - Vitamin B6 metabolism – Mus							
musculus (house mouse) DNA replication – Mus							
musculus (house mouse)							
Nucleotide excision repair – Mus musculus (house mouse)							
Homologous recombination – Mus musculus (house mouse)							
GnRH secretion – Mus musculus (house mouse)							
Cell cycle – Mus musculus (house mouse)							
Biosynthesis of unsaturated fatty acids – Mus musculus - (house mouse)					•		
Epstein-Barr virus infection Mus musculus (house mouse)							
Kaposi sarcoma–associated herpesvirus infection – Mus- musculus (house mouse)							
Chemokine signaling pathway _ – Mus musculus (house mouse)							
Lipid and atherosclerosis – Mus musculus (house mouse)							
Tuberculosis – Mus musculus (house mouse)							
Measles – Mus musculus (house mouse)							
Toll-like receptor signaling pathway – Mus musculus - (house mouse)							Count 20 40 60
Legionellosis – Mus musculus (house mouse)							p.adjust
Leishmaniasis – Mus musculus (house mouse)							- 0.03 - 0.02 - 0.01
Cell adhesion molecules – Mus musculus (house mouse)							
Cytosolic DNA-sensing pathway – Mus musculus- (house mouse)							
IL–17 signaling pathway – Mus musculus (house mouse)							
NOD-like receptor signaling pathway – Mus musculus- (house mouse)							
C-type lectin receptor signaling pathway – Mus- musculus (house mouse)							
Chagas disease – Mus musculus (house mouse)							
Coronavirus disease – COVID–19 – Mus musculus - (house mouse)							
Malaria – Mus musculus ₋ (house mouse)							
Staphylococcus aureus infection – Mus musculus - (house mouse)							
Influenza A – Mus musculus (house mouse)							
Pertussis – Mus musculus __ (house mouse)							
JAK-STAT signaling pathway – Mus musculus (house mouse)							
Viral protein interaction with cytokine and cytokine receptor – Mus musculus							
(house mouse) TNF signaling pathway – Mus_ musculus (house mouse)							
Rheumatoid arthritis – Mus musculus (house mouse)							
Cytokine-cytokine receptor interaction – Mus musculus -							
(house mouse)	-2	 -1	(NES)	1	2
